

THE EULEN GROUP AND AL JASSRA ENTERPRISES JOIN TO CREATE EULEN MIDDLE EAST, SPECIALISTS IN FACILITIES SERVICES & MANAGEMENT

Qatar, May 8, 2013.- The EULEN Group, the leading general services provider in Spain, and Al Jassra Enterprises have joined forces to create **EULEN Middle East**, a new concept in services and facilities management (*Facility Management*) and implementation (*Facility Services*) for companies in the region.

EULEN Middle East is a unique services provider, meeting the strategic needs of client at all times, cutting costs and taking charge of the management and operation of company facilities and related services, including project management and oversight, quality audits, energy management, strategic FM consulting, technical consulting, etc.

EULEN Middle East offers integrated management services (cleaning, security, facilities maintenance, environmental services, etc.) within a single process for companies in any sector, offering innovative and personalized services to optimize resources and ensuring optimum quality.

The EULEN Group has over 50 years of experience as a services provider. With over 78,000 employees worldwide and an annual turnover of 1,338 million Euros, the EULEN Group operates in 14 countries, mainly in America and Europe. The creation of EULEN Middle East represents the expansion of the group into the countries of the Gulf Cooperation Council (GCC).
