**Media Information****Service range for Integrated Facility Management in 35 countries****Cooperation between Group Eulen and the Dussmann Group // Clients benefit from a single source for services in self-delivery and the same high quality standards in 35 countries**

On February 28, 2013 Group EULEN, Madrid and the Dussmann Group, Berlin signed a far-reaching cooperation agreement for joint provision of integrated facility management services in 35 countries. The partners are both market leaders in their home markets for facility services.

The agreement provides companies with global activities the opportunity to organize their facility management operations in an international master agreement and to benefit from the combined service of EULEN Group and Dussmann Group. Service coverage extends across Europe, to North and South America and to Asia. Key markets such as Spain, Germany, Italy, USA, Mexico, UAE and China are included.

*“EULENs international coverage complements ours perfectly. Together, we can offer multinational companies integrated services from one source in self-delivery and with the same high quality standards”,* says Dirk Brouwers, Chief Executive Officer of the Dussmann Group. Clients benefit from optimized administration structures and international standards. *“We are both family enterprises with similar corporate culture and values and we are consistently oriented on the needs of specific sectors and individual clients. Our joint efforts will give new impetus to the international FM market”* Brouwers added

In the words of Juan Jordano, Corporate Managing Director of the EULEN Group, *“Clients will benefit from the comprehensive scope of international FM know-how and services than Dussman and EULEN pool in this agreement. Our two companies complement each other perfectly both in terms of service range and geographical presence. Together we have the structure and resources to provide our clients with a Total FM solution in 35 countries: an exciting opportunity and a challenge”.*
